Dear Darlene,

I was just sitting here realizing where I'd be right now without you, and I thought I'd take just a moment to say thank you again for all that you are doing for us. Don't know if you can ever imagine just how much we appreciate who you are. You're a pretty cool and special person, to say the least. What's better than that is I feel like I have a new friend, and nothing can be better than that. You've really gone the distance for us, Darlene, and I know it, and I know the difference. I also know that there aren't many people in this weird world who would care as much as you care. Do you have any idea how blessed I feel that you came into our lives? You have given me something very special and that is, that you have given me renewed faith that not everyone out there is only out for themselves. So thank you, my dear friend. What you are doing for us I will never forget. I'm afraid that you've made a friend for life out of me!

Big hugs!
Alicia
