**We run a busy gallery and jewelry store on Front Street in Lahaina. Darlene Brothers has been our trusted computer technician extraordinaire since 2006. She built and manages our web sites for both businesses.**

**Darlene is our go to person when we have computer related issues. She remotely accesses our accounting computer as well as the others in our business.**

**Darlene Brothers is both trustworthy and loyal. I can highly recommend her character as someone we consider part of our ohana.**

**Sincerely,**
